

Cognex Corporation certifies that the DataMan 8072V Barcode Verifier complies with the following ISO/IEC standards:

ISO/IEC 15415  
ISO/IEC 15426-2  
ISO/IEC TR 29158 (AIM-DPM 2006)

for

Data Matrix (ISO/IEC 16022) ECC-200 (up to 48x48 matrix size)

The DataMan 8072V verifies that bar codes comply with the GS1 General Specification, MIL-STD 130 (L-N Chg1) for UID, and with the FDA Unique Device Identification (UDI) Regulation.

Evidence of compliance with the aforementioned standards and traceability to National Institute of Standards and Technology (NIST) is provided through the use of the GS1 Certified Calibration Conformance Standards which are manufactured to exacting specifications and test for conformance to ISO 15426-2.
